OFFICE OF LEGISLATIVE COUNSEL

Thursday - 5 October 1978

CAO

1. [redacted] LIAISON Fred Haynes, of the GAO, today met with [redacted] Office of Scientific Intelligence, to discuss the feasibility of construction in space. [redacted] NFAC/CSS, sat in on the meeting and reported that Haynes may wish to consult further with [redacted] in the future. Haynes is working on behalf of the Senate Commerce, Science and Transportation Subcommittee on Science, Technology & Space. He is a colleague of the GAO's Ed Fritts who originally asked the Deputy Legislative Counsel for this briefing.

2. [redacted] THIRD AGENCY Along with [redacted] OGC, met at the White House with NSC staff officer Robert Kimmert and representatives of other Executive Branch agencies to discuss problems raised by the Senate Foreign Relations Subcommittee on International Operations' investigation of foreign intelligence activities in the U.S. (See Memorandum for the Record.)

3. [redacted] LIAISON At the request of the Legislative Counsel, returned on his behalf several calls that had been made during the day by Mike Glennon, Legal Counsel, Senate Foreign Relations Committee. Glennon said that he wanted to impress upon the Legislative Counsel the importance that he (Glennon) attached to the resumption of briefings on certain foreign intelligence services. I told Glennon that I could not definitively commit us on this point without further consultation with the Legislative Counsel, but that in any case he and I would have to have a clear understanding on treatment of the transcripts and on his accepting gracefully our disinclination to answer specific questions. He said there was not much he could do about the transcripts and that there would be no more arguments about the questions. I told him that I would reserve next Friday, 13 October, for resumption of the briefings and that I would be back in touch with him again to confirm whether or not they would proceed.

4. [redacted] LIAISON Received a call from Len Parkinson, in the office of Senator Dale L. Bumpers (D., Ark.). Parkinson said that he would be able to have lunch with [redacted] and myself on Wednesday, 11 October at 12:00 Noon.
